

## 2020 Senior A & B Showmanship and Your and Your Dog Questions Bank

### Youth Ages 15-18 as of January 1, 2020

**Show Committees and Judges:** Please use these questions when interviewing youth for Senior A & B Showmanship and Senior You and Your Dog Judging during the 2020 4-H project year. Judges may also select any of the questions posted for Juniors and Intermediates for Senior B Showmanship exhibitors.

**Recommended use:** Judges can select 2 or 3 sets of 6 questions and put each set in an envelope, allowing exhibitors to choose 1 of the envelopes, or use the same 6 questions for all seniors at a show. Select less difficult questions for Senior A Showmanship handlers. For State Fair Showmanship and You and Your Dog interviews youth will select 1 of 3 envelopes.

**Recommended scoring:** Where answers require explanations, exhibitors may answer using their own wording provided they convey the same meaning as the correct answer. As a judge, do not give hints or define a word in the question or statement. Youth are expected to know the meaning of the words. Each question is worth 10 points. If one question asks for multiple answers, then give partial credit for each correct answer.

Questions asked during the 2020 Ohio State Fair Dog Show Senior Showmanship and You and Your Dog classes will come from this bank of questions. For Senior B Showmanship exhibitors, questions can also come from Junior and Intermediate question banks. Youth can find the answers to all these questions in the *Ohio 4-H Dog Resource Handbook ©2018*.

- Q1. What ancestor of the dog inhabited earth 54-38 million years ago during the Eocene epoch?
- Q2. How is the rickettsia organism that causes Rocky Mountain Spotted Fever transmitted?
