Members are limited to one (1) Market Turkey and one (1) Breed Turkey at the fair. It is **mandatory the market turkey be a hen and be ordered through this form.** The breeding turkey can be either a tom or a hen and members may also purchase breed birds on their own. Breed turkeys must be heritage breeds – no commercial (Large White) Toms/Hens that were previously allowed to be shown in the breeding turkey class will be permitted.

The committee decided all market turkeys would be hens this year upon recommendation from the judges who feel the hens are ready for market more quickly and are also what the consumer wants.
