

Ashland County 4-H Enrollment Help Sheet

Revised 1/20

All 4-H enrollment for members and volunteers is be done on-line. This help sheet will guide you through the process.

First of all it is important to understand that if you have been enrolled in 4-H before, you already have a profile in the system. If you or anyone in your immediate family has already enrolled you will enroll in that family unit. Please do not make a new profile. For example, if you were a member last year, you will just need to update your profile, not make a new one. Also, if your sibling who lives with you was a member last year, you will just be added on to the family and will not need to start a new profile. If you are in your first year of 4-H and have not had any siblings in the program nor have a parent who is a 4-H volunteer, you will set up a new profile.

New 4-H Volunteers cannot enter themselves on-line. They should contact the Ashland County Extension office.

This database is **ONLY** for 4-H members and volunteers (Advisors and Committee Members) that are part of the Ashland County 4-H Program. It is **NOT** for non-4-Hers, grandparents, etc.

If your child(ren) belong to a shared parenting household, you will need to decide a primary address for all materials that are to be mailed. However, multiple emails may be entered.

The ability to change or update your information is limited to certain fields in the system. If you see information that is incorrect and you are not able to make changes, please call the office and we will make the change for you. An example of this may be an activity your child is participating in, such as 4-H Camp.

For questions or problems please contact:
