

# Ashland County 4-H Newsletter

**October 23, 2020**

**A copy of this newsletter is attached**

## **Shooting Sports**

The Ashland County Top Shots 4-H Club will be starting their meetings in January.

**Sign ups will take place after November 1 using the 4-H Online enrollment system.**

**Returning and new members may sign up online anytime after November 1.**

The website has been upgraded and we will send out a link and video instructions in November.

Once members have signed up, they will receive a packet of permission forms in the mail for their disciplines.

Classes will be available for beginning archery, pistol, rifle and shotgun as well as intermediate and advanced classes in those same disciplines.

Next week we will have a preliminary schedule for each area in this newsletter.

Be watching the newsletter for additional updates throughout the fall.

**A reminder to all 4-H members (and volunteers, too!)**

**Do not enroll for 2021 until after November 1 as we are upgrading the system and it will not be ready until November.**

## **Fairgrounds Flowerbeds**

A member of the community recently offered daffodil and narcissus bulbs to 4-H Clubs to be planted in the club flower box at the fairgrounds.

Advisors, if your club would like some bulbs, please contact the Extension Office.

## **4-H Member and Volunteer Yearly Certificates and Pins**

4-H member and volunteer certificates are ready for 2020.

They are in your club mailbox at the office and can be picked up by making an appointment to come to the office.

We are ordering tenure recognition pins also for 9-14 year members and for volunteers.

We will notify everyone when those are in.

**If your club would like pins for first year members, please call Laurie at [419-281-8242](tel:419-281-8242) or email her at [aulger.3@osu.edu](mailto:aulger.3@osu.edu) to order the number you need.**
